

# Hao-Yuan He (何浩源)

+86 18851768896 | Nanjing, China | [alkane0050@gmail.com](mailto:alkane0050@gmail.com) | [hao-yuan-he.github.io](https://hao-yuan-he.github.io)

## EDUCATION

<b>School of Computer Science, Nanjing Tech University</b> B.Sc. degree of Computer Science.	2017 – 2021
<b>School of Artificial Intelligence, Nanjing University</b> M.Sc. student at LAMDA group. Advised by Prof. Ming Li.	2021 – 2024
<b>School of Artificial Intelligence, Nanjing University</b> Ph.D. student at LAMDA group. Advised by Prof. Ming Li.	2024 – Now

## WORK EXPERIENCE

<b>Research Intern, AI Lab, Tencent</b> I was working on the game AI of King of Honor (王者荣耀).	2023.05 – 2023.07 Shenzhen, China
--	--------------------------------------

## RESEARCH

My research interests lie in the field of machine learning, with a particular focus on weakly supervised learning and abductive learning.

## ACADEMIC SERVICE

<b>Volunteer</b> MLA’2023, IJCLR’2024	2023 – Now
<b>Conference Reviewer / PC Member</b> ACML’2023, IJCLR’2024, MATH-AI@NeurIPS’2024, ICLR’2025	2023 – Now
<b>Journal Reviewer</b> Knowledge and Information Systems	2023 – Now

## AWARDS

<b>Outstanding Graduate Student</b> Nanjing University	2023
<b>Winner Award</b> International Algorithm Case Competition, Track of Data Selection and Label Correction	2022
<b>First Price of Academic Scholarship</b> Top 10%, Nanjing University	2022, 2023
<b>National Encouragement Scholarship</b> JiangSu Education Department	2019
<b>The First Price of The Chinese Mathematics Competitions</b> Chinese Mathematical Society	2018, 2020
